Companies that succeed must find an edge. **DETAIL BY DESIGN** will give your business that edge in the competitive field of concrete formwork!

Today's competitive challenges are changing the way we do business, causing us to constantly find **new ways to meet or exceed our clients' expectations**. **DETAIL BY DESIGN** will enable your firm to meet these demands!

We will provide you with over 37 years' experience, including in-depth training and extensive on-the-job expertise for a broad range of construction field settings. We have worked with hundreds of different product lines of concrete formwork, accessories, and forming systems. Our broad base of knowledge allows us to provide the skill necessary to solve your toughest formwork construction problems.

In today's tight economic market, outsourcing has become a way to keep labor costs in line. We can provide you with the expertise necessary to get the job done, in a timely manner, without the labor costs involved in keeping full-time designers on your staff.

At **DETAIL BY DESIGN**, our concrete formwork drawings include layouts, details, sections and elevations all created to minimize field questions. Our **rapid turnaround** will save valuable time on your project. All of our drawings are designed with the construction team in mind, allowing the foreman ample detail at hand to expedite your project. We utilize half-size drawings (11"x17") and 18"x24" drawing sizes with material counts based on the concrete pour requirements. Our careful attention to detail and consistent communication with the contractor and/or the supplier make our drawings right the first time- helping you avoid the expense of incorrect or unclear drawings.

Our strength at **DETAIL BY DESIGN** is our complete familiarity with all types of projects. We have worked on a wide variety of jobs, from simple residential foundations to high-rise office buildings, sewage treatment facilities, and 1,000,000+ square foot manufacturing plants. Construction costs have ranged from \$100,000 to over \$300,000,000, but **each client receives the same dedication to a quality project, finished on time and within budget.**
